

IMPORTANT NOTICE REGARDING DELEGATE ELECTION MAIL OUT APRIL 8, 2011 - BALLOT VOID

Sisters and Brothers,

The IBT Delegate ballot mail out last Friday April 8, 2011 had a critical error with the ballot which was not discovered until today and as a result is void. The problem occurred with a correlation between the nominee names and boxes to mark the ballot and is considered VOID. This error was done during the printing process and therefore necessary to reprint the ballot with a new mailing date and count date. Please destroy the ballot mailed on April 8, 2011 as these ballots will not be counted if returned to the TCRC Delegate Election post office box.

A notice will be sent out with the mailing date of the ballot reprint and this ballot will have features which will distinguish them as a valid ballot so it is necessary to use only the second ballot material when you return the completed ballot.

I apologize for the error and thank you for your cooperation.

Fraternally,

Jim Flegel
Secretary Treasurer
